INTIMATE WEDDINGS

2024

A MESSAGE FROM THE PROJECT MANAGER

Warm greetings!

Masungi Georeserve is our little piece of paradise born out of twenty years of restoration and love. It has become a sanctuary for all of us, a witness to some of our best and happiest moments, and a conservation project that has taught us much about ourselves and the life around us.

We are thrilled to finally share with you this place filled with some of our most wistful memories. We hope that by celebrating your special day with us, you will come to see it as your own magical place, too.

As a conservation area, we welcome intimate and minimalist celebrations that are as much about the harmonious marriage of nature and man as they are about the union of two souls and two families.

Celebrants are expected to ensure the georeserve policies are observed by all guests, aides, and suppliers.

Smoking, littering, rowdy behavior, vandalism, disruption of plant and animal life, among others, are strictly prohibited.

As stewards of the georeserve, our park rangers will be implementing these policies and their corresponding penalties strictly during the event.

We also hope that you consider avoiding single-use plastics and other wasteful materials and activities.

We believe that the most memorable celebrations are those that are focused on what matters the most—surrounded by your closest family and friends, and enveloped in the natural, timeless elegance of nature.

Yours,

Ann Dumaliang
